SINCLAIR COMMUNITY COLLEGE

Type: ATTEMPTED INSPECTION

Date: 18-JUL-2017

#### 2.38(b)

#### MISCELLANEOUS.

There was no one available during business hours to allow APHIS Officials to enter and inspect the facilities, property, records, and animals on 18-JUL-17 at 10:30. The former department chair stated that both of the faculty members for the program were not available for inspection. These two are the representatives with the most knowledge of as well as access to the records needed for inspection. Without at least one of them, the inspection will be incomplete. No animals are currently being housed at the facility and no animal use activities are currently being conducted.

Without access to conduct the inspection, regulatory oversight is impossible. Correct by ensuring a facility representative is available during normal business hours, and alert your site inspector as to any scheduling conflicts where inspection will not be possible.

Correct from this time forward.
